I'm also a member of Autodesk Expert Elite, appreciation for ...

AutoCAD Standards

CAD standards optimize the creation of design documents and drawings on the project. Optimization helps to organize the drafting process, which results in reducing errors, saving time and costs on the project. Cad standards can be implemented in the working process of all design and engineering professions.

CAD Standards Manual

This Manual establishes a formal system of drawing requirements for LANL personnel and its subcontractors for nuclear and non-nuclear facilities. It is required when creating or modifying drawings and sketches for LANL facility, utility, infrastructure, and environmental programs projects. Its use is recommended for programmatic work, where appropriate.

CAD Standards Guideline

The CAD Standards Guideline is intended to ensure that work produced for the University of Connecticut will integrate into existing CAD files maintained on campus with Architectural, Engineering, and Building Services. At the Pre-Construction Meeting, a CAD coordination session will be held between the university and those producing CAD files.

USF Facilities Design & Construction guidelines and standards for various different areas.

Design Guidelines and Standards CAD Standards

CAD STANDARDS June 2004 DESIGN GUIDELINES AND STANDARDS 5 Recent releases of University prototype AutoCAD drawing files include tabs for modelspace and paperspace. The title block information is located on the paperspace tab. It is an absolute requirement that all graphic design be produced at full scale in modelspace. Projects created otherwise will be

CAD Standards | GSA

The PBS CAD Standards set mandatory procedures for architects/ engineers (A/E's) to follow for the creation and delivery of all CAD drawings to GSA. It is important to note that the Standards require that A/E's must use the United States National CAD Standard® (NCS). It is the A/E's responsibility to obtain a copy of the NCS.

The Fundamentals of Design Drafting A Student's Guide

The Fundamentals of Design Drafting resources are flexible and instructors should feel comfortable supplementing curriculum resources that they have found successful throughout the years. We welcome your suggestions, and hope that you will become part of the collaborative effort in educating our future engineers and architects.
