Crimebusters – NC Science Olympiad

Points are earned for proper identification of evidence as well as analysis of the crime. Ties will be broken by the best Qualitative Analysis (3.a.) score . The only category that we aren't covering in NC at Regionals is Part E, Chromatography for 5%, and since percentages are approximate, those points will end up distributed in other sections where it makes sense.

Crime Busters

In Crime Busters, students will identify perpetrators of a certain crime by identifying unknown powders, liquids, and metals, and analyzing hairs, fibers, plastics, fingerprints, DNA evidence, shoeprints, tire treads, soil and splatters. Students will also analyze evidence from paper chromatography.

How do you prepare for the powders in Forensics? : scioly

I've been doing for Forensics for 3 years now, I'm a junior now, but I always find difficulty with the powders. I always get the either sucrose/glucose depending on the benedicts test and Boric Acid because of the green flame, but I always fail on the others.

Note Sheets

Note Sheets (sometimes called Cheat Sheets) are often allowed in Study Events. Usually the event will call for a certain number of double-sided, 8.5" by 11" paper (regular printer paper). In general, the strategies for making these note sheets are as follows: Get as much information as you can! Research your event, and try to put everything on ...
